

## **Marking For Education not Administration Detailed Instructions**

**July 21, 2015**

If members have additional questions, they should immediately contact TSSU via:

TSSU office: 778-782-4735

Helpline: 604-652-6202

mail: [tssu@tssu.ca](mailto:tssu@tssu.ca)

### **The Action:**

All assignments due after July 21<sup>st</sup>, 2015, will be subject to the "Marking for Education not Administration" action outlined below. TSSU's Strike Committee recognizes that this job action will sometimes result in more work for us all. TSSU members will provide feedback and verbally inform students of progress if asked, but will not enter marks into any SFU system, record them in any electronic communication, or provide them to anyone. These marks will be stored by the TSSU member until directed otherwise by the TSSU Strike Committee.

**In short, TSSU members will provide feedback to their students while denying the "numbers" or "letters" that the University bureaucracy requires to function, until we reach a contract.**

### **How will this work?**

1. All marking results will be recorded, electronically or physically, on the spreadsheet attached or a similar document created and controlled by the TSSU member. No mark will be recorded on the assignment, lab book, test question, etc. If marks are being stored electronically, the member must ensure the mark is not recorded or saved on a computer accessible to other SFU employees. If you do need to use a shared SFU computer for marking, we recommend you save the spreadsheet on a USB stick rather than on the hard drive of the computer.
2. TSSU will provide envelopes in which the member will seal their marking results. These will be available from your Steward as well as the Union office, or you can email [tssu@tssu.ca](mailto:tssu@tssu.ca) to acquire them. The course number, section number, assignment description, and TA/TM/Sessional name (TMs who are not on campus – see attached document "Marking for Education not Administration: Specific Detailed Instructions for Tutor Markers") will be on the outside of the envelope.
3. Envelopes will be stored in a safe and secure location by the individual TSSU member until the TSSU Strike Committee directs the member to submit them.
4. In group marking, a cover sheet with marks will be used for each individual student assignment or test. After the group has completed marking, all of the

cover sheets will be collected by the markers and placed into envelopes (use as few envelopes as reasonable). For further details, see “Marking for Education not Administration; Specific Detailed Instructions for Group Marking.” **If any member has concerns about a group marking scenario, please contact us immediately at 778-782-4735 or 604-652-6202.**

5. The TSSU member will hold the grades, and the grades will not be given to the Course Supervisor or any other SFU Employee until TSSU Strike Committee officially instructs the TSSU member to do so.
6. TSSU members shall continue to give students verbal and written feedback. This feedback must not communicate the mark received via any quantifiable means, including a letter grade, score, percentage, etc. TSSU members may inform students if they have failed on an assignment or exam.
7. If a student requires a grade for graduation, visa renewal, NCAA, scholarship etc, students must first contact the SFU Registrar to request a letter under the system for grades not reported. If this letter is insufficient for the students' needs, the student may submit a request via TSSU's Grade Appeal process to request their grades be released. Students will need to provide proof of their letter from the SFU Registrar, as well as proof of application for graduation, or other documentary evidence related to the reasons for the appeal, in order to have their appeal processed. Full details will be available on the TSSU website. Outside of approved grade appeals, grades will not be released until TSSU's Strike Committee advises.
8. We know that there are many situations and complications on how marking is carried out and recorded. If you have any questions as to how to carry this out, please call us at 778-782-4735 or 604-652-6202. We will work through how you can support our achievement of a fair agreement, through this job action in your particular circumstances.

Your participation in this job action helps us avoid the potential for a picket line. Together, we can achieve the end goal of our job action: a fair and reasonable collective agreement.
